EDUCATION

University of Notre Dame | Notre Dame, IN

GPA: 3.81/4.0, Dean's List

Bachelor of Science

Major: Computer Engineering, Concentration: Cyber Security

WORK EXPERIENCE

University of Notre Dame CSE Department | Notre Dame, IN

January 2023 – May 2025

Logic Design Teaching Assistant

- Facilitated student comprehension of Boolean algebra, Assembly language, and Verilog during office hours and studio sessions.

Research Assistant

July 2024 – August 2024

- Collaborated on "Multi-objective Personalized Health-aware Food Recommendation System with LLM-enhanced Interpretation" project at Yes Lab at Notre Dame, culminating in a paper submission to the KDD 2025 ADS Track.
- Developed and implemented baseline models (NCGF and HAFR) using Python and PyTorch

Partior | Singapore

May 2024 – June 2024

Digital Intelligence Team Intern

- Completed Google Cloud Skills Boost: Introduction to Generative AI, leveraging Vertex AI for enterprise
- Generated realistic mock billing data with natural growth and ingested it into GCS for Looker Studio dashboards
- Conducted comprehensive analysis of prompting techniques—including zero-shot and prompt-chaining—to optimize business data retrieval methods.
- Developed a Python program to extract business data from PDFs using Google's Gemini API and Vertex AI.

Vena Energy | Singapore

May 2022 – June 2022

Data Analytics and Programming Intern

- Migrated code from Node.js to Python for SCADA data processing in wind and solar power plants.
- Developed and deployed a real-time Python application that updated Google Firebase data every minute.
- Created a Python script to archive long-term BigQuery data on GCP.

Singapore Armed Forces | Singapore

October 2019 – July 2021

Guardroom In Charge and Service Role Security Trooper

- Led guardroom operations alongside the Sergeant—managing SAR21 rifle issuance, camp clearances, and scheduling—earning promotion to Corporal
- Enforced military law by overseeing vehicle access and conducting systematic vehicle checks.
- Streamlined entry processes by verifying identities and exchanging ID cards for camp passes.

LEADERSHIP AND SERVICE

Notre Dame Club Golf Team | Notre Dame, IN

August 2022 – May 2025

Vice President

- Anchor player with a +2 handicap; competed in regional NCCGA tournaments, earning four straight National Championship bids.
- Managed team practices, coordinated tournament travel squads, and oversaw all competitive aspects of the team.

Notre Dame Club Boxing (Bengal Bouts) | Notre Dame, IN

August 2022 – May 2025

Competitor & Fundraiser

- Competed in an amateur boxing tournament in February of 2023, 2024 and 2025.
- Raised over \$8000 to support education programs for students associated with Holy Cross Missions in Bangladesh.

RELATED COURSEWORK

NavigAItE: An AI-Enabled Travel Planner | University of Notre Dame

January 2025 – May 2025

- Conducted contextual inquiries with five users, mapped key pain points, and defined three AI-driven itinerary modes.
- Designed a JSON-schema/chain-of-thought LLM framework for on-demand, personalized travel recommendations
- Built a Next.js/React frontend and Python backend integrating travel APIs and Llama-3.3-7b for real-time, budget-aware itineraries
